## WILL DELIVER CRUDE OIL IN NINETEEN DAYS

Prediction Is Made by Officers  
of the Peace River Petro-  
leum Co. Limited

## OPTIMIST REPORT Confident Oil Will Be Found in Paying Quantity Before End of Season

Peace River Petroleum Limited will be delivering crude oil in nineteen days. This is the confident prediction of Messrs. Thomas A. Cain and W. H. Goffart, who returned on Monday from a trip of inspection of the company's operations and the Peace River field generally.

To say they are carrying back to Toronto an optimistic report is to state it mildly. They are certain not only that they will find oil in paying quantity, but that it will be found in paying quantity before the close of the present season.

Work at Peace River  
At the company's western Peace River town drilling operations are in progress at a depth of a thousand feet having been reached in the process of boring the first hole to daylight. A very complete camp, including tank, house, dining hall, warehouse, machine shop and blacksmith shop, has been established for the purpose of the drilling of the well. The machine shop is equipped with all the tools and equipment that will be required by the company.

New Locations  
Part of the bulkhead of Messrs. Cain and Goffart on the trip was to decide upon the additional locations to be operated. Number one, located near the lower Smoky, is a very promising prospect. The bulkhead of the Smoky is a very promising prospect. The bulkhead of the Smoky is a very promising prospect.

All the operations of the company were found to be going on as planned, and Mr. Cain, who is a very experienced operator, will recommend to his associates that they should not be discouraged by the fact that the company has not yet found oil in paying quantity.

An interesting side-note on the oil development operations in the Peace River country is shown by the fact that the company already has applications from two large companies operating in Northern Alberta for the right to drill for oil in the Peace River country.

Gasoline and Gas  
Another feature of the company's operations in the Peace River country is the fact that the company is producing gasoline and gas in paying quantity.

The railway being for the time out of the hands of Cain and Goffart, they are leaving today for Toronto.

## WHEAT BUYERS BUY \$250,000 BARRELS OF FLOUR

Wheat buyers will be kept busy for at least a month.

WINNIPEG, June 21.—The Canadian wheat board issued orders today for the purchase of 250,000 barrels of flour, at the standard price.

Local millers report two domestic tons of flour every day, and in order from the wheat board they expect to have four tons a day, and a capacity for at least a month.

Winnipeg, June 21.—The Canadian wheat board issued orders today for the purchase of 250,000 barrels of flour, at the standard price.

## Conference of Premiers Refuses Permit to Germany to Maintain A Standing Army of 200,000 Men

Letter Will Be Sent Demanding Execution of Clauses of Treaty of Versailles, Relating to Disarmament—Minimum Sum Germany Must Pay Fixed at Three Billion Marks Gold Which Is Subject to Increases—Turkey Given No Time Extension

BOULOGNE, June 21.—(Associated Press.)—The conference of the great powers, which is now in session at the Hotel de Ville in Paris, today refused to permit Germany to maintain a standing army of 200,000 men.

The Turkish question has been considered and it has been decided to maintain the date of June 21, 1920, for the execution of the clauses of the treaty of Versailles relating to disarmament. The conference will send a letter to Germany demanding the execution of the clauses of the treaty of Versailles, relating to disarmament.

## Canadian National Proposes Important Changes to Handle Business at Edmonton Depot.

**Straightening of Present Curve in Main Line Contemplated, With Approach to Station by Means of Subway—Freight Sheds Now Wholly Inadequate for Taking Care of Traffic—Board of Railway Commissioners Hear Number of Cases at Opening Session**

Important changes in the facilities for taking care of growing freight and passenger business at the Central depot on First street, are being planned by the Canadian National railway, according to a statement made before the board of railway commissioners at the opening session in the city Monday morning by R. H. M. Temple, solicitor for the company.

It is proposed to straighten the curve in the main line from the east end connecting with the depot, carrying this into some distance north and providing approach to the station by means of a subway under the

other tracks in the yards directly to the north of the depot. Mr. Temple said far-reaching improvements were contemplated, to take care of the rapidly growing business of the Canadian National at Edmonton, and the greater business abroad with the expected development of the north country.

The statements in question were submitted in defence of the company's stand against assuming the onus of right of way purchase, for another spur track through the wholesale district from McKenna avenue south to the alley between Sixth and Sev-

enth streets. The application from the Missouri-Harris company, Edmonton City Railway and other parties, for spur track, has been for several years before the railway commission. It was finally decided Monday by Acting Chairman McLean of the commission, and his fellow-members, Messrs. J. G. Rutherford and A. B. Brooker, that the application must provide the right of way so that the contemplated spur can be projected from the tracks between Fifth and Sixth streets and not interfere with the proposed extension of the C. N. R. freight sheds north of McKenna avenue. The railway officials expressed their willingness to meet the property owners any time on a basis of this nature.

**Time Claim for Hearing**  
The first case down for hearing before the commission was that of the E. D. & B. C. and Central Canada railway companies for an increase in freight rates. The application being set over for the afternoon. The complaint of Thomas McKeown, of Prince Rupert, that the G. T. P. rate for \$2.40 per ton net on coal from Teluk, B. C., to Prince Rupert, was excessive and discriminatory, as compared with the rate charged by the same company from mine located in Alberta, was held over for more information. T. Truett, on behalf of the G. T. P., holding that the railway operated at a disadvantage on that section of the system.

On the assurance that an amicable arrangement was being arrived at between the parties interested, the commission struck off the application of the Gillespie Elevator company on charges that they were compelled to remove at Edmonton, grain from cars brought by the E. D. & B. C. system for furtherance on the G. T. P., on an allegation by the E. D. & B. C. officials that the cars were loaded in excess of their capacity.

**Protest Freight Rates**  
W. M. Payne & Company, of Chicago, protested against the action of the Central Canada Express Company in raising a tariff on refuse cars carrying fish from Lesser Slave Lake and Lake Biache, the rate for the shipping weight from \$0.09 to 24 cents per ton. The protest was presented through Chicago and Toronto, where the various companies interested in the fish shipments, which went through Chicago and Toronto, were present writing to the effect that the changes would be beneficial. It appeared from the application before the board, that the Payne company later denied the tariff to supply fish for pound care. For the commissioners, McLean replied that the tariff now in force appears to meet with the requirements of the situation.

The main application of the morning was brought by J. Baker of the Missouri-Harris Co. and Geo. M. Hall for the Edmonton City Railway, asking for an order requiring the Canadian National to run the entire track south between Ninth and Seventh streets in the field shipments, which the company had paid \$10.00 for a warehouse site several years ago. The understanding that the property could be used with a railway spur, and that the plans of the firm for erecting a large warehouse on the land depended wholly on whether or not they could get railway service.

**C.N.R. Opposes Order**  
For C.N.R. solicitor R. H. M. Temple vigorously opposed any order which would require the company to operate a spur from the yard, back to the depot through the block in question. He pointed out that the would block the further extension of the present freight sheds of the company. He read increased 25 per cent over \$12.00 per ton in 1919 and was expected to rise further this year. It was imperative that the freight should be extended to the west. This was substantiated by general superintendent Brown who said the company would have to provide a great deal more shed accommodation, and in the event of the C.N.R. being required to take care of the G.T.P. freight business on any accommodation of the route the shipping question would have to be associated with some distance along the north of McKenna avenue. Mr. Brown said there was need already for four or five trucks behind the freight sheds to take care of the business.

In giving a decision, chairman McLean said it was obvious that the railway should not be asked to block the freight shed extension by planning a spur track through block 108 as asked. He recalled a previous order of the board which held that the property owners concerned should acquire the right of way for the spur. Therefore he would ask the applicants to arrange for the full purchase of the right of way before requiring the C.N.R. to place track. This judgment was acceptable to all parties. It was pointed out that the applicants already have arranged for the track of way with the exception of three lots between the present spur track to block 108 and the proposed track down block 106, this route enabling the line to be continued without interfering with the freight shed property to the north of the avenue.

Reg. to \$49.75. 9 A.M. Tuesday ..... \$35.00

### News of the District

**MONITOR.**  
A plentiful rain fell throughout the district on Wednesday and Thursday last for about sixteen hours and protracted to a depth of eight inches on western land, and four and a half through east. The rain, arriving when it did has undoubtedly eased the crops of the locality, many of the farmers having already given up hope of

harvesting a crop this year. A severe and violent electrical storm accompanied the downpour, but no damage is as yet reported.  
Mr. W. Wedd has been appointed to the inspectorship of the Monitor district of the Soldier Settlement Board, which will have permanent residence. Mr. Wedd will arrive in Edmonton on Wednesday, early in the coming week from Calgary.  
With regret we announce that Mr. H. W. Warner has severed his connection with the British church choir here. Since last October Mr. Warner has spent

another time not trouble to make the church a success, and the congregation will sadly miss his voice in the choir which he so bravely sustained. We understand that Mr. Warner returned on account of the choir being overgrown.  
We also regret to announce that Rev. J. L. Wright, the Methodist pastor, is leaving us. On account of poor health he is leaving his position in the choir which he so bravely sustained. We understand that Mr. Warner returned on account of the choir being overgrown.  
Arrangements are now completed for the big day of sports that will be held in

on Monday on July 1st. One hundred and twenty-five dollars in prizes has been offered for the baseball tournament and \$25 for the horse races. The amount, together with the amounts of the field race, will bring the amount of prizes to be offered up to about \$800. Every arrangement is being made for the entertainment and comfort of out-of-town visitors and it is confidently expected that this day will be a history maker for the whole community.  
Monday, June 27th.

ing. As the flames were driven back, flames entered the hallways and rooms in search of the bodies of those who might have been caught in the building. The first, that of a woman, was found near the fire escape on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below. The bodies were in such condition that identification was impossible.

Charles Bennett of the C.P.R. was the first to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the second to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the third to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the fourth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the fifth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the sixth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the seventh to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the eighth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the ninth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the tenth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the eleventh to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the twelfth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the thirteenth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the fourteenth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the fifteenth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the sixteenth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the seventeenth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the eighteenth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the nineteenth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the twentieth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the twenty-first to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the twenty-second to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the twenty-third to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the twenty-fourth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the twenty-fifth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the twenty-sixth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the twenty-seventh to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the twenty-eighth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the twenty-ninth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the thirtieth to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the thirty-first to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

James Bennett of the C.P.R. was the thirty-second to be killed. He was found on the sixth floor. The body of a man was also found on this floor, and the bodies of two other men on the floor below.

## BOLSHEVIK ARE PLANNING BIG DRIVE ON POLAND

Reds Are Reported to Be Attacking Along 1,200 Kilometer Front

Warsaw, June 21.—The Bolsheviks are reported to have assembled fifty divisions for the mid-summer drive against Poland, which military observers consider now in full swing, the drive starting at various points along a 1,200 kilometer front.

On the repeating campaign by the Germans of war material and ammunition through the Polish territory, the Polish government is holding up the question of what material, especially arms and munitions, will be referred to the supreme council for settlement.

Arrangements have been made for a big exhibit from the provincial agricultural schools at the International Exhibition, which opens July 5. The exhibit will be housed in the Transfiguration building and will include exhibits of work by pupils in the household and blacksmithing and the other arts and crafts of the school. The demonstration plots will give an indication of the layout of the school.

The Club, who were their fifth straight game Sunday, had hopes of staying back into the leadership struggle before returning next week. New York appears to be headed for last place, as the Giant pitchers are not meeting with success.

SEVENTEEN KILLED  
IN CLASH BETWEEN  
SIBERIAN FACTIONS

Noms, Alaska, June 21.—Seventeen persons, including the Kolchak regime governor, were killed at Anadyr, Siberia, last January, in a clash between anti-Bolshevik natives and alleged representatives of the Soviet government, and an American-owned trading store was looted, according to information brought here by L. M. McKirk and Corbett Hild, Americans.

McKirk and Hild were among passengers arriving on the Russian steamer "Petersburg" from Anadyr, Siberia, last January. They said they were told of the clash by a Russian, a former captain of the "Petersburg," who had been in the city at the time of the clash.

## Behind the Footlights

### THIRTY PINK TOES IS REAL FEATURE OF PANTAGES BILL

This week's bill at Pantages is an unusually heavy one and contains at least three surprises. The first comes in the first act. "A Night on the Town." In this are seen various fancy skating figures executed by a lady and a gentleman, an ice skating, a close examination, it will be found that the lady is an excellent skater, and is really a son of Adam. However, the couple are clever and their skating is really good even judged by standards prevailing in a land where fancy skating is so novel. Jean Barrios, giving a good impression of "Buddha" in a song of the same name. The chief feature of the act is that the singer possesses a voice of two distinct and separate pitches and maintains absolute control over the voice in both. Second surprise in the act. Noodles Fagan and Elsie "Impromptu Comedy." Presenting "Week's Impression" as a feature of this week's Pantages vaudeville bill.

Jean Barrios, presenting "Week's Impression" as a feature of this week's Pantages vaudeville bill.

## Photo-Plays

**EMPRESS.**—Any person, whether he be high or low, who cannot enjoy Mark Twain's "Huckleberry Finn," is to be pitied. The actor who cannot get an evening of unadmitted pleasure out of the screen version of the immortal work which is being shown at the Empress Theatre the first four days of this week. The spirit of the famous humorist and of his favorite boy here has been thoroughly maintained in the photoplay. It is a sympathetically produced film that follows the adventures of Huck accurately from the time when he and Tom discover the treasure in the cave until they return to their native village, modest and wise, but none the less still "regular boys."

Huck and the pirate gang, the slave, Jim, Aunt Polly and the Widow Douglas, the "King" and the "Duke," Huck's "mysterious" father—all are portrayed in the picture with a skill and understanding that takes you back again to the "faint waltz" days of the old Mississippi Valley. The main atmosphere is there even to the subtleties.

Young, wise Sam, who plays the leading role of Huck, is more than "all boy"; he is a natural-born actor. The scene goes for Gordon Griffith, initially in the interpretation of "Tom Sawyer." William D. Taylor, who directed the previous Paramount Artcraft pictures, "Huck and Tom" and "Tom Sawyer," shows himself a first-class director. Julia Crawford, who has provided a fine crew.

**ALIEN.**—James O'Neill, who plays the part of Makedo, the faithful Indian guide in "The Courage of Marge O'Doone," is a picture of a man who has a narrow escape from death while some of the scene were being taken in the snow covered mountains of Northern California. Those who are the special products of the Alien theatre, today, Wednesday and Thursday, will see the accident enacted if they watch closely.

The action called for the Indian to be attacked by several men. To get the proper effect the scene was staged for several days before the scenes were taken. The scene was meant and fish were hidden in the actor's clothing.

The action went too well. The deep, attached to the victim, Mr. O'Neill was badly bitten on the neck and the immediate result in "mystery of the day," when it was presented at the Monarch, was a "mystery of the day" to have broken all records for attendance at the theatre in the city.

**MONARCH.**—Charles Miller, director for Norma Talmadge, who scored a triumph in "The Great Air Robbery," when it was presented at the Monarch, was a "mystery of the day" to have broken all records for attendance at the theatre in the city.

A brilliant scene for which a real assistant had offered grape fruit was speedily floored by Mr. Miller, who presented another form of canoeing in the film. The scene was so brilliant that it was not until the scene was over that anything had been detected from the realism of the picture.

In "Ghosts of Yesterday," which tells of the night life in Paris and shows, among other expensive scenes, the Bal Tabarin, the film is a masterpiece of a splendid cast, having for her leading man no less a personage than Boris O'Brien, who is now a star in his own right.

**REJUVENATED.**—There is much similarity in the plots of many photoplays, but once in a long while the producer comes to a different country and under the latter category must be placed "The Great Air Robbery," starring Norma Talmadge, who is now a star in her own right.

Leutenant Locking, has become world famous through being the only man who performs the feat of changing from one flying plane to another several times in the thrilling moments of the photoplay.

The act appears here as comedy, the most integral plot in the U.S. is a real aerial act, which guides his aerial craft on its speedy flight from coast to coast. A band of society thieves, who play their lawless trade in various, plan to end up the flying mail, and lay the mail on Canada's rail, a fellow-gang, is the U.S. mail service.

One who is loved by his friends, and the other, the friend of the air pirate chief, the "King" and the "Duke" are in the midst of a thrilling scene, where they are depicted on the clouds, they swoop and swoop and swoop, in a wonderful pascha, a thousand feet below. There is a "punch" in almost every scene, and a sentence held in breath at the end of the scene.

The excellent company supports the star, including Francis Bampton, George F. Stone, and the "King" and the "Duke" are in the midst of a thrilling scene, where they are depicted on the clouds, they swoop and swoop and swoop, in a wonderful pascha, a thousand feet below. There is a "punch" in almost every scene, and a sentence held in breath at the end of the scene.

**DREAMLAND.**—For the second of his independent productions, Frank Keenan selected a powerful story by Mrs. Kate Corbridge bearing a picturesque and symbolic title, "The Gates of Brass." As a fore word the author writes upon the screen the vision—"Some there be that in darkness their hearts found in iron and their souls in person behind gates of brass."

The forward explains the theme of the drama—a drama which gives the powerful character-actor many splendid opportunities. It will be played at the Dreamland theatre today and tomorrow.

## BULGARIANS TO BUY HEAVILY IN ALLIED COUNTRIES

OTTAWA, June 21.—(By Canadian Press)—Returns by former conditions in Bulgaria and an ambitious program of foreign trade with allied countries is indicated in a communication to the Canadian trade commission from the representative in the Balkans of the Canadian industry. Both bankers have transferred 1,000,000 pounds sterling for purchases abroad, some of them in Canada.

The letter states that eighty per cent of the population of Bulgaria are peasant and agrarian, and are opposed to Bolshevism. Good harvest is in sight for this season. The enforced reduction of the army, 44,000 men, is proving an economic blessing to Bulgaria, and the people are working peacefully and energetically to put the country on a prosperous basis.

CAPT. MCALL, CALGARY, NAMED VICE-CHAIRMAN

CALGARY, June 21.—Captain McCall, of Calgary, has been named as vice-chairman of the Alberta branch of the Canadian Air Corps.

## Photo-Plays

**EMPRESS.**—Any person, whether he be high or low, who cannot enjoy Mark Twain's "Huckleberry Finn," is to be pitied. The actor who cannot get an evening of unadmitted pleasure out of the screen version of the immortal work which is being shown at the Empress Theatre the first four days of this week. The spirit of the famous humorist and of his favorite boy here has been thoroughly maintained in the photoplay. It is a sympathetically produced film that follows the adventures of Huck accurately from the time when he and Tom discover the treasure in the cave until they return to their native village, modest and wise, but none the less still "regular boys."

Huck and the pirate gang, the slave, Jim, Aunt Polly and the Widow Douglas, the "King" and the "Duke," Huck's "mysterious" father—all are portrayed in the picture with a skill and understanding that takes you back again to the "faint waltz" days of the old Mississippi Valley. The main atmosphere is there even to the subtleties.

Young, wise Sam, who plays the leading role of Huck, is more than "all boy"; he is a natural-born actor. The scene goes for Gordon Griffith, initially in the interpretation of "Tom Sawyer." William D. Taylor, who directed the previous Paramount Artcraft pictures, "Huck and Tom" and "Tom Sawyer," shows himself a first-class director. Julia Crawford, who has provided a fine crew.

**ALIEN.**—James O'Neill, who plays the part of Makedo, the faithful Indian guide in "The Courage of Marge O'Doone," is a picture of a man who has a narrow escape from death while some of the scene were being taken in the snow covered mountains of Northern California. Those who are the special products of the Alien theatre, today, Wednesday and Thursday, will see the accident enacted if they watch closely.

The action called for the Indian to be attacked by several men. To get the proper effect the scene was staged for several days before the scenes were taken. The scene was meant and fish were hidden in the actor's clothing.

**DREAMLAND.**—For the second of his independent productions, Frank Keenan selected a powerful story by Mrs. Kate Corbridge bearing a picturesque and symbolic title, "The Gates of Brass." As a fore word the author writes upon the screen the vision—"Some there be that in darkness their hearts found in iron and their souls in person behind gates of brass."

The forward explains the theme of the drama—a drama which gives the powerful character-actor many splendid opportunities. It will be played at the Dreamland theatre today and tomorrow.

# NEWS IN PICTURES --- PICTURESQUE VANCOUVER ISLAND

- (1) American air men who arrived in England to take home the R 38, the largest air ship in the world.
- (2) The International Cup Races.—Preparing the masts for the Shamrock IV.
- (3) Three Germans who have arrived in New York to revive the Hamburg-American Line. Left to right: Bernhardt Huidemann, Dr. Wm. Cuno, general director of the Line, and Richard Feltzer.
- (4) John Madden, who was found not guilty of the murder of Sergt. Brady, Dublin, who was shot.
- (5) Princess Mary inspecting the Red Cross V. A. D.
- (6) "Régis" Spooner, the famous Lancashire batsman, is to marry Miss Lucy Lowthorpe.
- (7) Miss Lillian Gish, who has just signed a contract for \$500,000 a year. Who would not be satisfied with a tenth of that? Miss Gish is not to pose in more than five productions. The film men say she is worth the money.
- (8) The Prince's Tour.—A tragic event was the loss of a man who fell overboard as the Renown was nearing Barbadoes.
- (9) Salving a wrecked seaplane in which four lives were lost at Felixstone, England.
- (10) The Prince's Tour.—A photo, taken on the Renown en route to Australia.

## A New Fishing and Hunting Field: Vancouver Island

Vancouver Island offers sportsmen a rich field in its almost unexplored streams and woods. The dense forests of the unsettled parts abound in game. Wild fowl, small game and deer are very plentiful, and the hunter for bear is pretty certain to get his Bruin. Large areas of forest are still unexplored and the sportsman ranging them has the added joy of being a pioneer.

The island is part of a partly submerged range of mountains, and the hills and mountains that form its surface have many waterfalls. This is the water, beloved by trout. Here, too, are found naturalized fish cities. Salmon were unknown to the island waters until some sports-loving Englishmen who had settled there, made the experiment of transplanting them. The venture proved a stupendous success and today some of the finest salmon fishing in the world may be enjoyed on Vancouver Island. In fact it has been favorably compared to that of Scotland, where salmon fishing sport reaches its culmination. Vancouver Island offers excellent pleasures. Its motor roads are world famous. Malahat Drive, Skookumchuk Peninsula Drive and a dozen more radiate from Victoria. Chose of any one will take you over miles of beauty—a stretch of shore-line, a dash through the twilight made by slanting fire and cedar, a glimpse of magnificent estates almost buried in flowers.

Charming little towns are strewn along these drives, most of them have comfortable hotels. The Chalet at Cameron Lake offers excellent accommodations and good fishing in delightful surroundings. Golf is strongly entrenched. Victoria alone has three splendid courses. Beaches are plentiful and bathing may be enjoyed the year around.

The Esquimalt & Nanaimo Railway follows the shore of the Gulf of Georgia and links up the coast towns. It was over this line that the Prince of Wales travelled to visit the Returned Soldiers' Settlement at Courtenay.
